The Editors-in-Chief,
Journal of Machine Learning Research

Dear Editors,

I would like to submit the manuscript titled Penalized Maximum Likelihood Estimation of Multi-layered Gaussian Graphical Models to JMLR.

I confirm that no previous publication by the authors of this manuscript significantly overlaps with the current submission.

I also confirm that all the co-authors are aware of the current submission and consent to its review by JMLR.

I also confirm that none of the action editors have recently collaborated with the co-authors.

I believe that the following action editors are very suitable for reviewing the manuscript:

- Xiaotong Shen, University of Minnesota, USA.
- Hui Zou, University of Minnesota, USA.
- Sara van de Geer, ETH Zurich, Switzerland.
- Jie Peng, University of California, Davis, USA.

Sincerely,

Jiahe Lin
